DEVOTED TO LOCAL AND SOCIETY NEWS.

TERMS, ONE DOLLAR PER YEAR

Volume IX.

FRANKFORT, KY., MARCH 12, 1886.

Number 29

The city tax-book for the year 1886 is now in the hands of the City Clerk, subject to inspection, so that any taxpayer may go up, examine his list, and if not satisfied, can get his complaint in shape by the time the appeal meeting is held.

St. Joseph's Benevolent Society of this city will celebrate St. Patrick's day by a public meeting at the Court House on Wednesday evening next. The Governor will preside and addresses be delivered by Hons. John P. Newman, of Covington, George Smith, of Hancock, Jas. H. Mulligan and others. A collection will be taken up for the Parnell Fund.

New Enterprise.

Some capitalists of our city are contemplating the building and running of a gin distillery, and have located the same at the Big Cliff Spring of W. L. Collins, near his residence. The capital of the company will be \$25,000. It is also their intention to build a lock on Benson creek, at or near Punch Bowl, which will give slack water to the distillery premises.

Bridgeport.

Farming has commenced in earnest. More moving this season than usual. Fishing is now in order. Get your tackle ready.

Mrs. Maggie Hawkins has been quite sick this week.

Less tobacco and more corn is the cry in this section.

Mrs. Emily Parrent and Mrs. Mary Robinson are better.

The dancing business seems to be on the increase in this section.

Born.—March 8th, 1886, to Wm. Dunnigan and wife, a son.

Miss Lillie Scroggin, of Bagdad, is the guest of Mrs. Jas. Harrod.

Miss Bettie McWilliams is on a visit to Mrs. Hungerford, Shelbyville.

Mrs. Wm. Miller, who has been quite sick recently, has about recovered.

Mr. J. S. Roberts, of Clayville, was in this village last Saturday and Sunday.

Mrs. Fannie Parrent, who has been sick during the past six weeks, is still quite feeble.

Mrs. Ruth Hall has returned home from a visit to friends and relatives at Winchester.

Mrs. Georgiana Hawkins, after a severe illness of several weeks duration, is convalescent.

Lena, the daughter of Richard and Amanda Kirk, aged two years, died of brain fever, March 3d, 1886.

Rev. T. N. Arnold will conduct gospel services at Bridgeport Christian Church to-morrow at 11 o'clock.

Mrs. Martha Jackson, who has been in feeble health for some time, has been rather worse during the past week.

The singing school will be organized this evening in the school house at 2 o'clock. This meeting will be open to all. Come! Come!

Prof. J. B. Lea, in order to better prepare himself for his work as teacher, expects to attend the Normal School at Bowling Green during the vacation this summer. He will depart for that institution about the 10th of June. A hint to the wise is sufficient.

Last Saturday being the day as previously announced for the speaking by the candidates for the various county offices in this place, quite a crowd assembled to hear the claims of the aspirants. Each seemed sanguine of success, but we can assure the boys now that some will get left. The usual persuasive element, John Barley Corn, &c., occupied a prominent position. Shame! Shame!

Lesson from a Mastodon.

The tusks of a mastodon recently found in Illinois weighed 175 pounds each. What a gigantic toothache that animal must have been capable of having! And such neuralgia! Neuralgia, or nerve-ache, generally proceeds from a disordered condition of the blood. Brown's Iron Bitters enriches and purifies this and drives neuralgia out. Mr. W. W. Redman, Piqua, O., says, "Brown's Iron Bitters permanently cured me of neuralgia."

Mrs. Dora Ferguson, accompanied by her trimmer, Miss Wilson, left Thursday for New York to purchase her spring stock of millinery.

A Business Man's Opinion.

Two years ago I took S. S. S. for a case of mercurial rheumatism which had been afflicting me for ten years. I have waited this long before writing in order that I could be sure that I was cured, and that there was no return of the disease. The cure has been complete, and I never fail to recommend Swift's Specific to those who suffer as I did. I know I cannot say too much for it. One should always be proud of the bridge that takes him over the stream. R. J. GUNNING, Chicago, Ill., Nov. 1, 1885.

Treatise on blood and skin diseases mailed free.

HIGH TREASON.

DEAR NEPHEW:—Your uncle is now engaged in making up a company to go to Camp Greenwood, for the purpose of assisting the troops, Governor and Legislature in starving the poor devils of miners. What right have they to dictate terms to the Governor and the law-making power of Kentucky? Its exactly right to starve them. Did not the God of Heaven intend that the large fish should eat the minnows? There is no use to make an argument, the case is so plain. Its perfectly in accordance with justice that members of the Legislature, together with the officers of the State, should receive five dollars per day, drink whiskey, visit crav and live high because they are big fish. Your Uncle would advise the Members, with the Governor, to eat all the minnows they may want at Greenwood; its nothing but right that they should. But enough of this. Your uncle is like the Dutchman, when drawn up in line of battle: it made him so mad that he had no control of his muscle.

In all seriousness, the citizens are very indignant at the treatment the miners receive. They say that justice demands bullets be shot at all who had a hand in making and executing the law. Castlemen and his men excepted. Your Uncle Zeke, being a Democrat, is in favor of killing the miners. As my lunacy organ is out of whack I can't write much.

HEALTH DEPARTMENT.

A. J. Hulett, sr., is still very ill, also H. C. Young, who is confined to his room with consumption. Mr. Wright, who was lately brought here from Midway, is very low with consumption. Mr. H. G. Mitchell is hourly expected to die with the same disease. All of whom are good citizens.

Our cousin Jack Cramley has been arrested and imprisoned for selling moonshine whiskey. Shame on such a Government for taking a man's privileges from him. Wm. T. Flynn, U. S. Marshal, was out hunting witnesses against him Thursday.

Your uncle's feelings are overcome. He can't write more.

Your Uncle,

ZEKE YOCUM.

Louisville Tobacco Market.

FURNISHED BY GLOVER & DURRETT, PROPRIETORS LOUISVILLE TOBACCO WAREHOUSE.

There has been a considerable falling off in the number of hdds. sold this week as compared with the several preceding weeks. The market has not shown any improvement either in prices or the quality of the offerings. The appearance of anything like a fine Burley hhd. has been rare. The sale for the week amount to 2,880 hdds., with receipts of 2,270 hdds. during the same period. The sales of the new crop to date amount to 25,542 hdds.

The following quotations fairly represent our market for New Burley:

Dark Trash	3.00 to 4.00
Colony Trash	4.00 to 5.00
Common Lugs not colony	4.00 to 5.00
Colony Lugs	5.00 to 7.50
Common Leaf not colony	5.50 to 7.00
Good Leaf	7.50 to 10.00
Fine Leaf	10.00 to 13.00
Select Wrappery Tobacco	13.00 to 18.00

Interesting Experiences.

Hiram Cameron, Furniture Dealer of Columbus, Ga., tells his experience thus: "For three years have tried every remedy on the market for Stomach and Kidney Disorders, but got no relief, until I used Electric Bitters. Took five bottles and am now cured, and think Electric Bitters the Best Blood Purifier in the world." Maj. A. B. Reed, of West Liberty, Ky., used Electric Bitters for an old standing Kidney affection and says: "Nothing has ever done me so much good as Electric Bitters." Sold at fifty cents a bottle by Jos. LeCompte.

An Efficient Remedy

In all cases of Bronchial and Pulmonary Affections is AYER'S CHERRY PECTORAL. As such it is recognized and prescribed by the medical profession, and in many thousands of families, for the past forty years, it has been regarded as an invaluable household remedy. It is a preparation that only requires to be taken in very small quantities, and a few doses of it administered in the early stages of a cold or cough will effect a speedy cure, and may, very possibly, save life. There is no doubt whatever that

Ayer's Cherry Pectoral

Has preserved the lives of great numbers of persons, by arresting the development of Laryngitis, Bronchitis, Pneumonia, and Pulmonary Consumption, and by the cure of those dangerous maladies. It should be kept ready for use in every family where there are children, as it is a medicine far superior to all others in the treatment of Croup, the alleviation of Whooping Cough, and the cure of Colds and Influenza, ailments peculiarly incidental to childhood and youth. Promptitude in dealing with all diseases of this class is of the utmost importance. The loss of a single day may, in many cases, entail fatal consequences. Do not waste precious time in experimenting with medicines of doubtful efficacy, while the malady is constantly gaining a deeper hold, but take at once the speediest and most certain to cure,
